

# Financial Foundation Analysis

This week, take some time and do a thorough analysis of your “Financial Foundation.” Take a look at each area of your life – relationship with God, with others, with money and with yourself and see if there are any cracks in the walls. Here are a few examples of more common “cracks” that are signs of deeper foundation issues:

- Constant money fights without a conclusion
- Lack of trust – hiding money, hiding purchases, questioning
- Spending binges
- No accountability in financial matters – either through shame or pride
- Fear about the future
- Laziness at work
- Unmanageable debt
- Inability to pay bills in a timely manner

Use the **Financial Scorecard** as an initial framework, and then ask God to highlight different issues. Once you have a thorough understanding of you financial setbacks or issues, take note of your strengths.
