

What Could We Do?

Take a couple of minutes and write out your total debt payments.

Now using the numbers below, calculate how much impact you could have if you were debt free.

Cause	Personal Impact
\$4,500 to free a victim of sex trafficking	# of women freed per year _____
\$30 per month to support an orphan	# of orphans supported each year _____
\$1 to give a person clean water	# of people given clean water per year _____

Now, spend a few moments and work through the chart for your class based upon the average monthly debt payment of \$1,000 per month.

Cause	Class Impact
\$4,500 to free a victim of sex trafficking	# of women freed per year _____
\$30 per month to support an orphan	# of orphans supported each year _____
\$1 to give a person clean water	# of people given clean water per year _____

Now, work through the chart for our entire church based upon the number of families in your church with the average monthly debt payment being \$1,000.

Cause	Church Impact
\$4,500 to free a victim of sex trafficking	# of women freed per year _____
\$30 per month to support an orphan	# of orphans supported each year _____
\$1 to give a person clean water	# of people given clean water per year _____
